

RECORDING MEDIUM AND SYSTEM FOR RECORDING

AND REPRODUCING THE RECORDING MEDIUM

Abstract of the Disclosure

5 A recording medium has a first recording area on which
recording information is recorded as a set of recording units,
and a second recording area on which control information for
controlling the recording information to be recorded on the
first recording area is recorded. Identifying information
10 for identifying a management condition of the recording
information recorded on the first recording area is also
recorded on the second recording area at every recording
unit.
